A

ABOUT THE UNIVERSITY

Shah Abdul Latif University, Khairpur provides unique opportunities to the students studying in the fields of Natural Sciences, Physical Sciences, Social Sciences, Arts & Languages, Education, Management Sciences and Law. It is the third largest general University which is located at the hub of three provinces which is catering the national economic, educational & socio-cultural needs.

Shah Abdul Latif University is one of the fast developing universities of Pakistan. It is staffed by more than 234 well-qualified faculty members working in 31 departments. Most of the faculty members are young and foreign qualified. Teaching in this University is very innovative. It is backed up by the state-of-the-art audio visual teaching tools to prepare students as per market demand and groom them to meet the challenges of competitive market of the day. As a result, most of the graduates of the University have secured professional and other jobs in public and private sector.

Location

Shah Abdul Latif University, Khairpur is located in the heartland of Upper Sindh i.e. Khairpur, one of the former princely states of British India. The main Campus is located near National Highway and is easily reachable by air, railway and bus services. Sukkur airport is on half an hour drive and Khairpur Railway station is (05) kilometers away from the main Campus.

The beauty of the University lies in the fact that it is surrounded by famous archaeological sites: Mohenjo Daro, Kot Diji, Rohri Hills, Achro Desert, religious shrines of Sadhu Bella, and Sachal Sarmast, barrage and bridges (Lloyds Barrage, Lansdowne and Ayoub Bridges) and culturally rich land where people are very friendly and hospitable.

The main campus of the University covers an area of 309 acres land with lush green lawns, play grounds, and trees. It is located just three kilometers from Khairpur town. The landscape of the University includes three canals at a walking distance, which serve as an excellent picnic spots for the students and the faculty. The University has over 13000 students in various programs. About 70 percent of students are male and 30 percent female. There are eight hostels (including three for girls).

Academic Support Services

1. Educational Counseling & Guidance Center

The students take educational course without realizing their potential, abilities and skills. The students are provided guidance, counseling on the basis of scientific investigation to choose programs of studies suited to their genius. The students take course without realizing what vocation/occupation is best suited to them. Thus, there is a mismatch between what they choose and what they are best equipped for. This Center helps to minimize the mismatch and rush for disciplines that do not hold much promise for students' future.

2. Library

The Central Library of the University is a source of information for all graduate, as well as, post-graduate programs and also related material for research students. The Library contains 114785 books. (Book Bank and Government Publications), with providing the facility of online digital library linked with HEC, the Central Library consists of following sections:

I. Book Bank Section

As majority of students of this University, belong to poor families and cannot afford the purchase of expensive text books particularly on Science subjects. In order to facilitate such poor students, Higher Education Commission, Islamabad provided 10817 text books on different subjects through National Book Foundation under Book Bank Scheme. These are issued to the students on nominal charges for one academic session.

II. Reference Section

In order to raise the research potential reference work like Encyclopedias, Year Books, Hand books, Annual Reports, Atlases etc are made available for reference of students, teachers and research fellows of the University.

III. Internet Facility

Smart University Project

Shah Abdul Latif University, Khairpur provide the State of art Smart WiFi network service to its students. Students can use smart university services within university premises. As well as more than 35 other universities of Pakistan with same user ID and password under the Smart University Project

IV. Newspapers

Approximately 30 dailies are available at Central Library.

V. Library Timings

In order to provide more reading facilities to the students, faculty & research scholars, the Central Library remain opened for 12 hours from 8:00 A.M to 8:00 P.M on all the working days, during Semester examinations from 8:00 A.M to 10:00 P.M, as desired by the worthy Vice Chancellor.

3. Seminar Libraries

In addition to the Central Library every individual Institutes/Departments has a Seminar Library of its own with a sufficient number of books to suffice the needs of the teachers and the taught.

4. Sport Facilities

Adequate facilities are available at the University for various Games such as Cricket, Foot Ball, Hockey, Volley Ball, Shooting Ball, Table Tennis, Lawn Tennis, Badminton, Squash, Athletics, Kabbadi & Malh. Sports activities are organized under the auspices of the University Gymkhana Committee. Every year the students participate in various games organized by the Higher Education Commission, Islamabad, such as Inter-Varsity tournaments arranged at various universities of Pakistan. Annual Sports week is also organized by the office of the Directorate of Physical Education, in consultation with Gymkhana Committee of the University.

5. Medical Facilities

Consultation and advisory health services are available for the students. A reasonably equipped Dispensary and Pathological Laboratory are looked-after by two (Male & Female) doctors and qualified staff at the Campus. The complicated cases are referred to specialists in the District Hospitals. The ambulance service is also available.

Incharge**

Biochemistry plays a major role for the betterment of human beings, animals, and plants. Latest developed biotechnology is incomplete without the knowledge of biochemistry. Department of Biochemistry is dedicated to teach biochemistry in a stimulating environment and provides opportunity to learn and perform experiments. The Master courses in biochemistry were started in 1996 in Department of Chemistry. Biochemistry department is functioning as full-fledged department since 2004. Presently students are enrolled in different courses for the degree of B.S (4 Year Program), M.S/M.Phil and Ph.D. The minor courses of biochemistry are also taught in other departments such as Microbiology, Botany, Zoology and Chemistry.

VISION

To achieve these goals, all students enrolled in our programs are expected to:

- Increase awareness of the universe at the bimolecular level.
- Understand biochemical behavior of matter and its role in life.
- Prepare for careers in biochemistry and related fields.
- Develop skills including ability to think logically, evaluate the experimental data critically, and draw the fruitful results.
- Learn personality development skills for organization and time management in life.
- Develop strong academic background to better performance and give solution to the problems of the field.
- Develop knowledge how to setup and operate scientific equipment used in the study of biochemistry and advance research.

MISSION

To make graduates ready to face the professional challenges of the modern world and seek golden careers

DEPARTMENT OF BOTANY

INTRODUCTION

Dr. Mumtaz Ali Saand
Chairman

The Department of Botany was established in 1980 with limited sources and faculty members. Initially this department was engaged in teaching at graduate and postgraduate degree level as an independent discipline under Faculty of Natural Sciences. In 1987 when the campus was upgraded to the status of full-fledge university, the separate building was established and flourished with highly qualified faculty members, then the research activities were started at small scale. Later, research activities were extended at large scales in some of special fields including, Plant Physiology, Soil Sciences, Plant Genetics, Plant Biodiversity, Plant Ecology and Mycology. However, in 2007 another milestone was achieved when two research institutes i.e., Date Palm Research Institute (DPRI) and Shah Latif University Botanical Garden and Herbarium (now Centre for Biodiversity & Conservation) were established under shadow

of Botany Department. These both institutions are now working as the collaborative units of the Botany Department.

Currently there are various numbers of MS and PhD scholars have been enrolled under several specialized areas. The scholars are engaged to conduct research in various sub-disciplines such as Plant Biodiversity, Mycology, Plant Biotechnology, Bioinformatics, Plant Taxonomy, Plant Pathology, Plant Physiology, Cell Biology and Genetics under highly qualified faculty members. Nonetheless, all permanent faculty members are PhD in their respective fields including Plant Biotechnology (P Pathology), P Biodiversity (P Taxonomy), Cyto-genetics, plant tissue culture and Algal Biology.

VISION

Motivating and transforming the ideas to students to use the essence and knowledge of “Plant Biology to address the issues of food security, energy and global warming in order to ease the human life and global community.

MISSION

Our mission is to produce students and researchers who could contribute their services in society through pragmatic approaches and conducting advanced research in plant sciences.

PROGRAMS OFFERED AIM AT:

Department offers BS degree in Botany for fresh intermediate (12 years-education) graduates, pre-medical-side. Our aim is to impart cutting-edge education technology in plant biology to enrolled students, who would render their services to society/community in various fields such as, plant biodiversity conservation, Plant biotechnology, plant disease resistance, food science and cyto-genetics etc.,

However, MS and PhD research programs offered for fresh graduates (having 16 and/or 18 yrs) education in plant sciences under various specialized fields including Plant Biodiversity and Conservation, Plant Taxonomy, Plant Genetics, Plant Physiology, Plant Pathology, Mycology and Applied Bioinformatics. Moreover, MS and PhD researchers would get opportunity to be engaged at DPRI and CBC the two collaborative research centres of the Department of Botany.

RESEARCH ACTIVITIES (Journals/books/conferences papers published)

Resource Centre / COMPUTING FACILITIES

SEMINAR LIBRARY (number of books/journals/papers/newspapers etc)

1737 (One thousand, seven hundred and thirty seven) books are available at seminar library, department of Botany.

Total 12 (Twelve) different journals related to Plant Sciences and related fields are available at seminar library.

PROGRAMS OFFERED

1. BS (IV)
2. Associate Degree Program (two years)

INSTITUTE OF CHEMISTRY

INTRODUCTION

Dr. Mushtaque Ali Jakhrani
Director

The Institute of Chemistry is one of the largest and 2nd oldest disciplines catering state of the art education in chemical sciences. The Institute of chemistry has played vital role as nucleus among all disciplines of sciences particularly in biological/chemical sciences. The previous triumphs of chemistry include the synthesis of pharmaceuticals and agricultural products, while current challenges include chemical memory, solar cells, superconductors, clean fuels, batteries, and the solution of numerous important problems relating to health and the environment. Understanding of Chemistry is significant and substantial in today's era of constant scientific discovery which is shaped by revolutionary new technologies. The chemical sciences are essential to overcome the global problems of today's world which covers all the branches of Chemistry.

The institute of chemistry is setting up its graduates who can meet the challenges of the corporate sector around the globe. We are proud to mention our graduates are serving on the leading positions in pharmaceutical industries, atomic energy commission, health, and environmental agencies, power sector, polymer and plastic industries, sugar industries, academic and research positions in national and international organizations. The Institute aims at producing professionals with a strong background in theoretical and practical chemistry at the graduate and post-graduate levels. It strives to produce graduates who can contribute and upgrade existing technological activities in the country and their professional brilliance is inseparable from commitment to the national goals.

Institute of Chemistry offering Specialization in many branches including Organic, Inorganic, Physical Chemistry, and Analytical Chemistry while in Applied Chemistry and Environmental Chemistry during 2022 the Institute is planning to start the specialization i-e for which syllabus has been prepared and approved.

In every academic year, about 120 graduate students will be enrolled purely on base of merit in the morning shift while more than 80 students will be offered admission in the evening shift. Institute also offered admission of 35 students in MS/M.Phil and 15 students in the Ph.D. program. At this stage, more than 300 students have completed their research work and have been awarded MS/M.Phil degrees and the rest of them are engaged in their research activities such as experimental work and thesis writing. Similarly, good numbers of Ph.D. students have also been awarded the degree in the discipline of Chemistry while many more are in the final stage of completion of degree

VISION

The Institute of Chemistry envisions that amalgam of knowledge and modern technology in education, not only enhance the academic advancement but also pave an orientation to the applied research that can benefit the national and international community.

MISSION

Institute of Chemistry is committed to produce knowledgeable graduates having necessary skills to seek meaningful careers in various fields of interest.

INSTITUTE OF MICROBIOLOGY

Prof. Dr. Zulfiqar Ali Malik
Director

INTRODUCTION

I am pleased to welcome you in the Institute of Microbiology. Since its inception with the wholehearted efforts of our faculty members, staff members, students, and researchers, the Institute of Microbiology has constantly remained amaranth Institute of this university. It has a unique appearance in history as grows along with university. The Institute has 07 renowned research-oriented Ph.D. faculty members out of 13.

The Institute carries out the fundamental microbiology courses, and advanced microbiology courses for BS students and multi-disciplinary research programs for post graduate students. Currently the Institute offers BS program in four different specialization including Clinical Microbiology, Food Microbiology, Biotechnology and Environmental Microbiology. In addition to this, Institute also offers MS/M.Phil. and Ph.D. program and vast number of postgraduate students are registered and pursuing research in multidisciplinary fields of microbiology including Health and Medical Microbiology, Industrial Microbiology, Food and Diary Microbiology, and Agricultural Microbiology.

Laboratories in the Institute are well equipped for practical based learning. We feel proud in launching our students into successful and productive mainstream careers who are serving in various capacities at different private and public sector of the country and abroad.

This institute has prominent role in the development & growth of the university as it produces number of BS, MS/M.Phil. & Ph.D. students each year.

VISION

To disseminate information and knowledge in all the fields of Microbiology at Regional, National, and International Level

MISSION

The institute has three primary goals:

- To promote quality education and research in microbiology.
- To produce graduates at the Bachelors, Master's and Doctorates degree levels.
- To serve the public through awareness and training programs or other means.

PROGRAMS OFFERED

DEPARTMENT OF PHARMACY

INTRODUCTION

Dr. Abdul Sami Shaikh
Chairman

The Department is offering a five-year **Doctor of Pharmacy (Pharm.D) Program**, which is recognized by the **Higher Education Commission** of Pakistan and is accredited by the **Pharmacy Council of Pakistan**. It was established in 2010 and holds a significant position. It is the first ever national level-public sector institute of pharmaceutical sciences in the Upper Sindh with a proclaimed objective of becoming a center of excellence for advanced studies and research in all fields of pharmaceutical sciences, including the clinical aspect of the profession. The Pharmacy Program prides itself in developing highly qualified independent practitioners able to provide patient-centered care in various environments. After completing this program, pharmacists will be capable of conducting their practice with a high level of maturity and leadership and be able to perform practice-related projects.

VISION

To be recognized nationally and internationally as a leader in Pharmacy education and research that focuses on appropriate use of and access to pharmaceuticals and medical devices, as well as cost-effective provision and delivery of pharmaceutical care.

MISSION

To prepare pharmacists to provide optimal pharmaceutical care, and to prepare graduate and postgraduate students for leadership in teaching, research, practice and service. The Department faculty generates and disseminates knowledge to promote safe, clinically effective, and cost-efficient use of medications.

DEPARTMENT OF ZOOLOGY

INTRODUCTION

Dr. Fakhra Soomro
Chairperson

The Department of Zoology was established in 2004, is a main department in Faculty of Natural Sciences. Since the establishment of the department, it emphasizes the biological literacy in teaching and outreach programs at BS level. Besides this, department also offers the post-graduate research programs such as MS/M.Phil. and Ph.D. since 2011. Recently department of Zoology has started the BS program in Evening shift from the academic year 2019.

VISION

To raise the department as School of Animal Sciences, so that it may promote the discovery and learning at all levels of biological organization like Entomology, Endocrinology Parasitology, Genetics/Molecular Biology Wildlife Management, Fisheries, Genetic Engineering and Biotechnology etc.

MISSION

- To create an environment that enables teaching and research to attain high levels of excellence.
- To provide experimental management of animals for the betterment of humanity, biological control of insects and vertebrate pests.
- To produce innovative postgraduates in areas of Zoology including Entomology, Molecular Genetics, Molecular Biology, Parasitology, Fish technology and Wildlife Management, that contribute to the development for National and International scenarios.
- To initiate more research projects.
- To work in collaboration with national and international organizations in the field of life sciences.

DEPARTMENT OF ARCHAEOLOGY

INTRODUCTION

Dr. Tasleem Abro
Chairperson

In 1976, the Department of Archaeology became part of an academic institution now famously known as Shah Abdul Latif University Khairpur. During its infancy life of three decades, it has achieved its excellence in quality education and research. Consequently, this department is recognized as one of the leading departments nationally and internationally where higher degrees of M.S/M. Phil and Ph.D. are awarded under the supervision of Professors who are qualified from United Kingdom, United States of America and Germany. The major focus of this department is to produce professionals equipped with high caliber knowledge associated with archaeology of Pakistan.

Indus Seal Terracotta Bull and Human figurine found from Lakhan-Jo-Daro 2017

VISION

The vision of the Department of Archaeology is to have educational and professional excellence through courses offered, collaborative research projects and at all level interaction around the globe. The civilization of this soil is one of the oldest civilizations may be exchanged and shared with cultures and communities of the World.

MISSION

The sole Mission of the department is to promote tangible and intangible heritage around the globe through conferences, and live exhibitions. This commitment can only be achieved when department will create dedicated professional who may continue the set traditions of this particular department.

FACILITIES

The department provides almost all basic facilities to the Students& researchers such as Archaeo-Equipment Lab, Survey Equipment & Excavation Equipment, Digital & Manual Cameras, Audio-Visual Equipment, Overhead Projector and Slide Projector, Computer Laboratory, Library, various kinds of digital cameras for still & movie recording, Photographic Laboratory with Black & White Photo Processing facility.

SEMINAR LIBRARY

Seminar Library consists of nearly 2500 books and journals. The seminar library contains two portions (a) General reading and (b) reference portion. Some of the books in the seminar library are nearly one hundred years old. The potential researchers and students are getting benefit from this reading material. The text books in the seminar library are for reference only and other subject books / articles are issued to the students for two days.

PUBLICATIONS

The department of Archaeology continues publishing annual research journal Ancient Sindh, which is recognized by Higher Education Commission. The ten volumes have already been published, while eleventh volume is in press and will be soon out. This journal is globally distributed which has spread our vision and has increased overall academic status of Shah Abdul Latif University, Khairpur. Additionally, the department publication section has published a Book on KotDiji

site which is revised version of its actual excavation providing entire knowledge on the prehistoric site.

RESEARCH PROJECTS

Department of archeology has credit for commencing scientific research on cultural heritage. Until now several projects have been completed for instance, Lakhan-Jo-Daro project 2017 which has gain popularity around the Globe. The department has credit to commence research on heritage of Thar Desert where numerous ancient settlements have been recorded and on site named as PoongerBhanbhro was excavated. This site is located in deep desert and associated with Mohenjo Daro site. The project was funded by HEC and has revealed way of life of desert people who lived there some five thousand years ago. These projects provide significant knowledge on the Indus valley civilization.

The faculty of department has been engaged in Different project such as excavation of Nuhato2018 located near Nukotof Southern Thar desert; Vijnot2018 in northern Sindh and Amri site 2020 near Sehwan in western Sindh have contributed greatly in history of Sindh Pakistan.

INSTITUTE OF COMPUTER SCIENCE

INTRODUCTION

Prof. Dr. Javed Ahmed Mahar
Director

The Department of Computer Science was established as a full-fledged department in 1999 and recently, in 2021, has been upgraded as Institute of Computer Science, with the goal to offer high quality degree programs that ensure that students will be able to integrate theory and practice recognize the importance of abstraction and appreciate the value of efficient design created to meet clearly developed requirements. The institute intends to prepare students for lifelong learning as they undertake professional careers in computing. The institute has always close ties to the other departments of Physical Sciences/Natural Sciences of the University, even has increasingly experienced collaborations with all other disciplines/faculties outside Pakistan important to the University. It is through these collaborations that the importance of Computer Science in a broader sense is best appreciated.

VISION

To become a center of excellence in computer science education and research.

MISSION

To produce Computer Science graduates to design and develop quality software solutions, be able to work successfully within challenging environments and will be good professionals.

GOALS

- To provide an understanding of the fundamental concept of computer science
- To enrich our students with different computing languages, tools, and techniques
- To make students capable of analysis, design, development, and evaluation of effective software systems
- To develop effective oral and written communication skills in students
- To prepare students for jobs/higher studies in computer science and related fields
- To make students effective member of society.

DEPARTMENT OF GEOGRAPHY

INTRODUCTION

Prf. Dr. Noor Hussain Chandio
Chairman

The Department of Geography offers the Bachelor & Master's level courses in the discipline of Geography. The discipline has been opened to meet the long standing demands of the people of upper Sindh. The classes of BS (4 year) Program started from the academic year 2005-06. Department of Geography announced the admissions in MS/M.Phil in Geography started from the academic year 2020.

The subject of Geography provides wealth of information and advanced knowledge of the Earth's surface. It is meant to open further frontiers of knowledge for the students and to give an understanding and the preparation which may help them proceed further to acquire the present day knowledge of the concepts of Geographical Science.

The discipline of Geography deals with Physical Geography, Climatology, Hydrography, Geomorphology, Biogeography, the Geography of soils and Plants, Animals and Human Geography. Historically Geography is concerned primarily with the Human Geography of the past because so many of the

present spatial patterns owe much to earlier ones, remote sensing & GIS (Geographic Information System) are new market oriented disciplines in Geography various fields of Geography are proposed to be taught in the Syllabus of Bachelor of Studies BS (4-year) Program and M.A/M.Sc (Two years Program).

VISION

Create new vistas and impart knowledge and enhance awareness about the Earth as a living planet with reference to Man-environment Interaction and resulting Physical and Human phenomena amongst the Geography students.

MISSION

- To make Geography an integral part of education at all levels
- To enhance the quality of Geographical education for broader applications and implementation in all walks of life.
- To make Geography effective for the enhancement of quality of environment and wellbeing of humanity
- To introduce new applied fields of Geography that can fulfill the requirements of the modern world
- To make Geographic research effective in our daily lives
- To broaden Geographic research areas and to effectively integrate it with national planning and development.
- To create insight appreciating current world affairs based on modern Geographic areas.

DEPARTMENT OF MATHEMATICS

INTRODUCTION

Dr. Ali Dino Jumani
Chairman

The Department of Mathematics was established in 1987 and now is one of the fastest growing mathematics departments in the Pakistan. It has an excellent reputation, a strong and demanding program of undergraduate course work with international syllabi offerings.

Department of Mathematics have varied faculty having degree from London Metropolitan University, Preston University England and University of Central Lancashire England with much more versatile subjects. and a great postgraduate M.S/MPhil/Ph.D. Mathematics, all in accordance with the Higher Education Commission of Pakistan (HEC) directives.

The department of mathematics has committed faculty members keen for progress and eager to emerge in world mathematics scenario; in this effort every faculty member is busy with their international research collaborators in projects with numerous publications. The department of mathematics has sufficient faculty with varied research interests in applied and pure mathematics which cater about over 450+ full-time students in the undergraduate majors program and 30+

in postgraduate MS/M.Phil./ Ph.D. program. Department of Mathematics also offers its services to other departments of the university in the form of teaching mathematics subjects to various faculties and their respective departments ranging from applied algebra and calculus to decision makings of basic statistics and inferential statistics.

VISION

Mathematics develops computational, critical thinking, and problem solving skills. The theory and techniques taught in mathematics courses are especially important in today’s competitive society. The faculty members of the department recognize and strive to ensure the students obtaining this knowledge. At the same time, the faculty contributes to the discipline by fundamental research in pure and applied mathematics.

MISSION

Department of Mathematics envisions ensuring that students will contribute to the society. Students can obtain abilities to critically assess numerical and graphical information; learn to formulate strategies for solving problems; and acknowledge the importance of being intellectually curious throughout their lives.

Students/scholars who successfully complete the program are anticipated to:

- Be able to apply problem solving and logical skills
- Have a deeper understanding of mathematical theories
- Have a solid knowledge of applications of Mathematics relates real life problems
- Be able to communicate mathematical/logical ideas in writing
- Be competent in computer programming and able to know mathematical packages
- Be familiar with several subfields of mathematics (e.g, numerical analysis, topology, operations research and CFD).
- Be exposed to undergraduate research or internship opportunities

DEPARTMENT OF PHYSICS & ELECTRONICS

INTRODUCTION

Dr. Farman Ali Mangi
CHAIRMAN

The Department of Physics was established in the year 1988. It offers BS (Four-Year) Program, MS/M.Phil and Ph.D. It also offers Physics courses as minor subject to the students doing BS (Four years program in the Department of Chemistry & Mathematics).

VISION

The Department of Physics & Electronics intends to offer courses in the new emerging disciplines such as communication system, Radio Physics, Electricity & Magnetism, Electronics, and Nuclear Physics etc. The Department maintains an active research

program with equal emphasis on theoretical and experimental studies. The department of Physics & Electronics also intends to introduce BS-IV program in Electronics for high tech academic and research that fill the gap between the theoretical courses and actual research work for the national and international interests.

MISSION

- To create an environment that enables teaching and research to attain high levels of excellence.
- To promote experimental facilities in the department.
- To produce graduates at the Bachelors, Masters and PhD Doctors.

DEPARTMENT OF STATISTICS

INTRODUCTION

Dr. Syed Baqer Shah
Incharge/Chairman

The Department of Statistics was established in 1976. Since then we are imparting best quality education in different courses of statistics. This department offers advanced courses in BS (Four Year) Program. Most recently we have introduced some new courses realizing the fact that the requirement of the statistical courses especially in various other fields is increasingly high. We have organized M.Phil & Ph.D. Programs in applied statistics.

Statistics is a rapidly evolving discipline with applications to wide variety of other scientific, management and engineering fields. In particular, modern computer technology facilitates the development of high-quality and computer-intensive statistical procedures and makes it possible to apply them to diverse statistical problems in the real world.

VISION

Our vision for the next five years is to strengthen our national and international reputation in collaborative scientific activity without compromising our core strength of excellence in statistical theory and methods. Other mandate is to serve as a center of excellence for statistical research and education across the campus, nationally and internationally.

MISSION

- Establishing the Statistical Survey Center for collaborative research and professional development of undergraduate and graduate students as well as faculty members.
- Launching of PGD (Statistics) program for non-statisticians.
- Supporting quality research and education in Statistical Sciences.
- Initiating a research journal of international level covering almost all the areas of Statistical Sciences.
- To establish Hi-Tech research laboratory for quality research in the field of statistics.

INSTITUTE OF GENDER STUDIES

INTRODUCTION

Dr Agha Nadia Pathan
Director

The Institute of Gender Studies was established in 2013 with the vision of becoming world class institute in the field of gender and promoting the subject as a learning discipline in the remote area of upper Sindh. The main objectives of the institute are to train the students and workers of this region in Gender Studies, to promote co-operation in inter-disciplinary relationship with others teaching/research departments and NGO establishment, and to arrange seminars and workshops in order to raise the awareness about gender and its implications. The institute offers multidisciplinary courses that explore the making and meaning of gender - femininity and masculinity across cultures and social formations.

Vision

Gender influences human options, conditions, and experiences. The legal, political, economic, and cultural systems are all profoundly gendered. Gender awareness benefits individuals, communities, and organizations. Therefore, research and academic activities at the institute aim to:

- Enhance understanding of gender and how it is socially constructed.
- Create an awareness about gender in the context of South Asia in general and in

Pakistan in particular.

- Critically analyse the status of women in Pakistani society.
- Evaluate development approaches worldwide and their effects on women.
- Explore political and theoretical dimensions of feminist pedagogy.

Mission

- The mission of the Institute of Gender Studies (IGS) is to promote, protect, monitor and evaluate gender equality through research, public education and policy development. The institute aims at creating new pathways, synergies and platforms to address the critical issues impacting the development of women and girls.

INSTITUTE OF INTERNATIONAL RELATIONS

Prof. Dr. Amir Ahmed Khuhro
Director

INTRODUCTION

The history of the Department of International Relations is as old as the Shah Abdul Latif University Khairpur itself since the establishment in the year 1977. This Department has been imparting quality education to the youth of upper Sindh area of Pakistan. The Department of International Relations has made valuable contribution to the objectives of the teaching and learning of International relations in the society, due to which the Department of International Relations was, included one more discipline of Peace and Conflict Studies (PCS) and to upgrade up the level of Institute.

Though the prism of Discipline of international Relations (IR) and Discipline of Peace and Conflict Studies (PCS), the students of Institute of International Relations look the world differently.

Theoretically this institute provides the verity of the knowledge of conservative, liberal and revolutionary world. Each one of these has the lens, through which the world looks different. At the same time these three perspectives can complement each other and the most of the theories draw on all three, but in different proportions.

Understanding International Relations (IR) and Peace and Conflict Studies (PCS) both requires descriptive and theoretical knowledge in post-cold war, new world order, international terrorism, insurgency, global power politics, dispute resolutions, growing number and increasing the role of non state actors, climate change and environment challenges have come on the agenda of Institute of International Relations, which have made it an unavoidable and an inevitable institute.

The Department of Political Science is the guiding light for the future of the coming generations of our beloved homeland and the international society. As far as the discipline of Political Science, Politics and the Political Philosophy is concerned it is the only one discipline which deals with how to make the present citizens and the future generations happy in this complex world of governments. Political Science intends for creating peaceful paths- moral and justified laws and theories- that help human being to run society in harmonious environment.

The faculty members of the department are committed rigorously to advance new knowledge, philosophy through introducing new subjects, like human rights, good governance and global politics.

As a Department, we are embarking on a new and exciting phase of the development, the ever-increasing intellectual exchange between our staff and students; between our scholars, the foreign and the guest intellectuals. The department is committed to promote multiculturalism through accepting all communities without any considerations of race, ethnicity, caste and religion.

Apart from lectures delivered by the faculty, the department also organizes Lectures, Seminars, and Workshops by the visiting faculty on historical days and important current affairs.

VISION

To promote quality of scientific knowledge within very short period of time and to create an excellent academic institute.

MISSION

The department of Political Science is committed to spread discipline among all the spheres of Social Sciences and serve the nation in its actual requirements for the future development.

OBJECTIVES

To enable the students to analyze the current national and international political scenario.

To create the sense of responsibility among the students towards the state and society.

CAREER OPPORTUNITIES

After completion of Degree in Political Science the students shall be able to apply for job in various sectors especially in teaching and research, it also enables them to compete in competitive exams because the mostly subjects are the part of the syllabus taught in the Department.

DEPARTMENT OF SOCIOLOGY

INTRODUCTION

Dr. Santosh Kumar
Incharge

The Department of Sociology was established in 2006 with a vision to establish a centre for teaching and research in Sociology. The main motive behind the setup of this department was to equip the new generation with the modern knowledge of Sociology and encourage debate and interrogation about the relationships between economic, political, social, spatial and cultural change.

The Department of Sociology aims to provide a conducive teaching and learning environment. We are committed to establish the discipline in the region of northern Sindh. We welcome the best graduate students from all over Pakistan. They join a community of several other students who are benefitted by the experiences of national and international graduates.

VISION

To empower the new generation through modern techniques of Sociology so that they can live amicably and peacefully.

MISSION

- To prepare qualified human and professional recourse to be able to work in social policy formulation at the national and regional level.
- To prepare students for work in a diverse society and equip them with the knowledge and skills essential to success in institutions such as education, health, social welfare, housing, marketing and research.
- To prepare and implement the scientific research related to family problems, social policies, social work and applied sociology at the national and regional level.

DIRECTORATE OF MEDIA AND PUBLIC RELATIONS

Prof. Dr. Taj Muhammad Lashari
Director Media & Public Relations

INTRODUCTION

The century we live in, is the century of media. With fast growing technology, the media has also witnessed greater changes in its scope. The success of any Institute depends upon the media coverage, as without the news in media, the events go unnoticed and lose their significance. At Shah Abdul Latif University, Khairpur, this sensitive and onerous responsibility of media coverage, documentation of the news, photo records of the events and their wide publicity is taken by a vibrant, active and vigilant team working as Media Section.

Though currently restricted to a single room, this section covers each and every event, official visit, research and academic activity covering the entire campus. At the reach of this section is every faculty and every activity of Administration Block. As the mouthpiece of the University, the responsibility of Media Section is not restricted to coverage of the news alone; this section also brings out SALUNI Newsletter, plays vital role in publication of every documents of the University ranging from Prospectus to Annual Reports etc.

Media Section also highlights students' participation in curricular and co-curricular activities. It is the section, usually referred by the students, parents, journalists and public for authentication of information, confirmation of dates and official point of view of the University. Thus, Media Section of Shah Abdul Latif University, Khairpur is not limited to news alone, it has become an information desk of the University and highly visited section of the University by the students and faculty alike. All this have been possible with the kind and benign patronage of the Vice Chancellor who allows this section to work independently and with ease. The section also actively covers social media through Facebook Page and WhatsApp.

Vision of Media Section

Our vision is to be the mouthpiece of the University by highlighting all the leading events, occasions, visits and academic as well as research activities to the print, electronic and social media to create soft, brighter and better image of the University with dedication, commitment and sincerity.

Aims & Objectives

- 1) To be the mouthpiece of the University.
- 2) To give proper media coverage to all the events, occasions, visits, research as well as academic activities
- 3) To create soft, brighter and better image of the University through print, electronic and social media.
- 4) To keep and maintain the record of all the events.
- 5) To keep vigilant eye on every news regarding the University and defend the University (in case of any false news published against the University).
- 6) To represent the University at various platforms.
- 7) To promote the aims and objectives of the University through media coverage.
- 8) To advance the academic excellence of the University through print, electronic and social media to garner public support and appreciation.
